

Can you find 8 women from the bible in the below paragraph? There is 1 in each sentence.

There was a woman who lived in a house by the sea. One day she returned from shopping in Redruth. She couldn't open the front door easily, so pushed it a bit harder. Once in the house, she noticed on the table a half empty cup of water. And on the wall, her latest piece of loom art hanging at an odd angle. It wasn't like that when she left, not even slightly diagonal. She was always careful to ensure that when it came to pictures and angles, the room all lined up. Her bible was also open in Nahum's prophecy, but was closed when she had left.
